1) General.

- a. **Drawing.** All stock in contest events must be drawn by number by a judge, using plastic poker chips when possible. In the event poker chips are unavailable, numbers may be folded to a uniform size on paper. Stock draws must be conducted so that any entrant may witness the draw, provided that a judge may require any individual who does not maintain businesslike behavior to leave the draw area.
 - i. **Drawing or Competing on Same Head of Stock.** No contestant (or identical team in the team roping) may compete on or draw the same head of stock twice at any one rodeo in the same event, except in the case of a reride in the riding events or a rerun in the timed events in the same go-round.
 - ii. **Competing on Stock Drawn.** A contestant must compete on the stock drawn for him unless he has been awarded a reride or rerun by the judges.
- b. **Posting.** All stock and contestants for other events to be posted one (1) hour in advance of each performance.
- c. **Mount Money Charges for Turn Outs.** If a contestant turns out in accordance with the official turn out Rules, and if exhibition animals are necessary, such contestant may be required to pay mount money charges.
- d. **Final Go-Round.** In a final go-round, stock shall be drawn and assigned in reverse order, with the lowest qualifier receiving stock drawn first and the highest qualifier receiving stock drawn last.
- e. **Misdraws.**
 - i. **Misdraw Defined.** Any animal drawn to a contestant who must be replaced will be considered a misdraw.
 - ii. **Herd Defined.** In the timed events, herd shall be defined as those animals designated prior to the start of the first go-round to be used in a given event. Once a herd has been established for a rodeo, no animals may be added to the herd.
 - iii. **Extra Defined.** In the timed events, if pens are drawn from the pre-designated herd, at least one more animal than the number of contestants should be drawn to be used in the case of a misdraw. Following the cattle draw, that animal (or animals) remaining shall be considered the extra(s). In case the extra(s) are not used for that given performance or section of slack, said extra shall be placed with those animals not already included in a competition draw or a pen draw, unless the subsequent pen ends the run on the cattle.
 - iv. **Four Misdraws.** If four or more head are misdraws, all unused stock shall be put back in the draw box and redrawn.
 - v. **Misdraw Discovered Prior to a Performance or During Slack.** In case of a misdraw discovered prior to a performance, or any time during the slack:
 1. If one or more extras are available, all animals not competed on below the misdraw up to the end of the run on

the cattle shall be eligible to be drawn. One animal is drawn, that being the animal assigned to the contestant with the misdraw. The contestant who originally had that animal will be assigned the extra. All other contestants will be assigned the animals originally drawn for them.

2. If no extras are available, all unused animals below the misdraw up to the end of the run on the cattle shall be eligible to be drawn, with the last unused animal drawn in that run designated the extra.

vi. **Misdraw Discovered After the Start of a Performance.** In case a misdraw is discovered after the start of a paid performance:

1. If an extra is available, the contestant involved will automatically be assigned the extra, regardless of a possible difference in runs on the cattle.
2. If no extras are available, the contestant involved will not compete as scheduled, but shall compete later in the performance or immediately after. A replacement animal will be drawn from all animals left in the run. If a contestant is scheduled at the end of a run and no animals are available from that run, one will be drawn from the herd.

f. **Tie-down Roping, Steer Wrestling, and Team Roping Draw If One Animal for Every Entry.** At rodeos where there is one animal for every entry, the Event Director shall establish the herd and shall also designate those animals, which shall be deemed extras, but not part of the original herd. Once the herd is established, one animal will be drawn per each contestant in the go round.

2) **Riding Events.**

- a. **Turn Out.** Stock shall not be drawn for a riding event contestant if he has notified the Rodeo Secretary prior to the stock draw that he will turn out (as defined Official Turnout Rules).
- b. **New Animals.** In all riding events, no new animals will be put in the draw, unless previously bucked.
- c. **Animals Used in Slack.** If a riding event animal is drawn for the slack twice at a given rodeo, that same animal must be included in the performance draw at least once. If 15 or more animals are used in a performance, any rodeo may have an animal in the slack three times before it has to be in a performance. Failure to comply with this Rule will result in a fine imposed on the stock contractor of \$50 per animal so used.
- d. **Draw for Rerides and Go-Rounds.** In all riding events, a complete go-round will be drawn for at one time, if there is more than one go-round, and the results of said drawing will be posted at least one hour before the first performance. No more than two (2) feature animals may be held out of the re-rides.
 - i. **Animals Drawn for a Reride.** Any riding event animal drawn for a reride, but not used in that go-round, may be held out of the draw for re-rides in the following go-round along with the feature

animals, and then will be returned for the go-round draw after the re-rides have been drawn. An animal can be drawn for a re-ride only one time in a go-round.

- e. **Procedure for Drawing Riding Event Stock.**
 - i. **Where Pens Are Set by Stock Contractor.** The stock contractor shall include in the pen at least one more animal per performance than the number needed for competition. A single animal shall be drawn from each pen and shall be considered the designated re-ride for that performance. Two (2) of the animals per performance may be featured, but must be so indicated prior to re-ride draw, and thus held out of the re-ride draw. After the re-ride for a given performance has been drawn, all featured animals for that performance are to be returned to the draw.
 - f. **Using a Horse in Bareback & Saddle Bronc.** Bucking horses cannot be used in both the saddle bronc riding and the bareback riding at the same rodeo.
 - g. **Final Round of Multiple Go Round Rodeo.**
 - i. **Selection.** Selection of individual riding event stock for a final go-round in that event will be accomplished by a mutual agreement among an Event Director or his duly designated appointee, the Primary Stock Contractor (MSRA Board of Directors for the Finals Rodeo), and a judge. There may be a different judge for each event. At least two head of additional stock will be available for re-rides. Re-rides for the short go-round will be designated by the Event Director or his appointed representative. The order of the re-rides may be set by the Event Director or his appointed representative.
 - ii. **Qualification of Stock for Final Round.** In the riding events, any animals designated for the final go-round must be drawn at least one time in regular competition at that rodeo in that event unless otherwise approved by the Event Director.
 - h. **One Day Rodeo Performances** shall have the same amount of chips as cowboys before the draw is done in all rough stock events.
- 3) **Timed Events.**
 - a. **Turn Out.** Stock shall not be drawn for a contestant if he has notified the rodeo secretary prior to the drawing of stock that he will turn out, as defined by the Official Turnout Rules.
 - b. **Pens of Stock.**
 - i. **Drawing Pens.** Pens must contain the exact number of animals as contestants for each performance. No pens of stock in the timed events may be drawn for more than one day in advance. Pens of stock shall be drawn by a judge; if a judge is not available at the time it is necessary for a pen of cattle to be drawn for the first section of competition, the stock contractor and secretary may draw that pen, preferably with a timed event contestant to witness the draw.

- ii. **Stock Selected for a Pen But Not Used.** Stock already drawn for a pen, but not drawn for competition, shall be placed with those animals not already included in a competition draw or a pen draw.
- c. **Draw.**
 - i. **Procedure.** Stock shall be drawn by a judge of the particular event (provided he is not contesting in that event) not more than four (4) hours before the performance or section of slack, and not less than one (1) hour before the performance or section of slack. The arena secretary shall provide the judge with an exact copy of the draw. There will be no closed drawings held. Performance positions and stock must be drawn in all timed events, including the cowgirls' barrel racing.
 - ii. **No Stock to Be Held Over.** In timed events, no drawn stock can be held over from one performance to the next or overnight.
 - iii. **Stock Drawn One Run and One Go-Round at a Time.** Stock shall be drawn one run and one go-round at a time. All cattle in the herd will be run one time before any cattle will be run twice, etc. When this procedure becomes impossible due to a split performance, the draw will include remaining cattle that have been competed on the least number of times. Immediately after a split performance, the draw will then revert to the cattle that have been competed on the least number of times. Any animal drawn will be considered competed on. Extras may be added only if competed on an equal number of times at that rodeo, unless otherwise approved by the Event Director.
 - iv. **Individuals Exhibiting the Stock.** The individual or individuals exhibiting stock are subject to all Rules and fines pertaining to timed-event competition.
 - v. **Slack.** Slack in timed events shall be drawn immediately following the event in which it is run. When slack is not run immediately after the performance, slack will be drawn not more than one (1) hour before slack is scheduled.
- d. **Contestant Positions.** Positions for contesting during each rodeo performance and stock must be drawn in all timed events, including cowgirls' barrel racing. Positions may be drawn by the secretary.
- e. **Final Round of Multiple Go Round Rodeo.**
 - i. **Selection of Final Go Round Cattle.** All timed event cattle competed on at a rodeo by finalists in an event will be used when drawing for final head for that event, excluding any cattle used in a prior performance the same day.

****RODEO ACTIVITY****

- 1) **Timing of Competition on Stock.**
 - a. **First Section of Event on a Program.** No stock in any event, except for rerides or re-runs, may be competed on before the first section of that event on the program; and no stock in that event can be held back for a contestant beyond the end of the event on the program for the performance (except for rerides or reruns). Any deviation from this rule may be authorized by a judge if deemed necessary to prevent a production delay caused by a failure of equipment or breakdown in part of the facility.
 - b. **Slack.** In slack, no stock in any event may be competed on before that event is scheduled. All animals drawn for that event must be run as scheduled prior to the start of the next event. Likewise, no stock may be held beyond the end of the competition for that draw, or the end of the run in that event, as the case may be.
- 2) **Inability of Contestant to Compete.**
 - a. **Contestant May Be Held Back.** If a contestant is unable to compete at a rodeo due to sickness or injury, he may be held back until later in the go round with the consent of both judges and stock contractor. If held back, contestant may not compete at any other rodeo until he has competed in the performance to which he was held back.
 - b. **Timed Events.** In the timed events, sick or injured contestants shall not be held back past the original end of the run on the cattle.
- 3) **Announcement of Times or Markings.** All times or markings, whether for performance or slack, shall be announced. Any announcement of times or markings shall be deemed unofficial until posted. The announcer must announce accurately the information received from the judges. If a judge makes a correction to a time or marking, the correction must be announced. Failure to announce corrected information shall be a \$25 fine.
- 4) **Location of Contestants during Rodeo.**
 - a. **Seating for Contestants When Not Scheduled to Compete.** If the management of a rodeo provides satisfactory seats for the contestants, the MSRA urges contestants to stay out of the arena when they are not scheduled to compete.
 - b. **Must Not Interfere With Press, Photographers, or Spectators.** Contestants in the arena must not interfere with the work of the bonafide press and professional photographers, or with the view of the spectators. The arena director or judge may enforce this Rule and shall have the authority to require contestants to take any action necessary to eliminate such interference.
- 5) **Grand Entry and Parades.**
 - a. **Participation by Members.** All contestants must participate in grand entries upon the request of the management. Rider may be excused by judge and/or management with good reason.
- 6) **Contract Personnel.**

- a. **Must Not Interfere With Competition.** Contract personnel shall not interfere with competition. Failure to comply will result in disciplinary action at the Board of Directors' discretion.
 - b. **Photographers.** All photographers entering an MSRA arena shall hold a current MSRA membership card, excluding the press.
- 7) **Arena Conditions.**
- a. **Ground Preparation.** Ground preparation for MSRA events at MSRA approved rodeos should be approved by a majority of the event directors, any judge or the stock contractor prior to the start of the rodeo. The ground must be laid flat prior to the rodeo, with no deep ground. Sandy ground must be watered and packed.
 - b. **Riding Event Chutes.** Riding event chutes must have support for the contestant's feet when he is in the chute. Chute signage may not impair rider's ability to place feet in chute slats. Signs which so impair the rider's ability to place feet in chute slats are to be immediately altered. Riding event chutes must have a platform in the back of said chutes which must extend the full length of the chute.
 - c. **Unsafe Arena Conditions.** If the arena conditions are deemed at any time to be unsafe by a majority of the event directors present, any judge or the stock contractor, competition may be stopped until which time the arena conditions are deemed satisfactory by the individual or individuals who initially determined that arena conditions were unsafe.
 - i. **Contestant Vote.** If arena conditions are deemed unsafe, each events contestant's may vote to compete or not. If majority votes to compete, all contestant fees will remain in the pot for payoff. If contestant elects not to compete, they will be considered a turn out and all points will count. If majority elects **not** to compete, event will be stopped and be paid off as has been run, remaining contestants will get their entry fees back and points will not count.
 - d. **Lighting Over Event Chutes.** The stock contractor and/or Rodeo Committee shall ensure that there is adequate lighting over the timed event and riding event chutes at all indoor and night rodeos. The stock contractor and a contestant at stock contractors' request shall notify the Rodeo Committee of any lighting deficiency.
- 8) **Slack and Events.**
- a. **Slack.** Slack shall be produced under the same conditions as a paid performance. Stock contractor may be reported for violation of this rule at the discretion of the judge(s). First offense will constitute a warning; second and subsequent offenses will constitute a \$100 fine for each offense.
 - b. **Order of Performance.** The order of performance events may not change once a go round has started without the consent of the event Director and all judges. If the events are changed and a contestant gets turned out because of the change, contestant should be assigned his original stock, if possible.
 - c. **Events Held During the Performance.** Unless otherwise approved by the event director, all events must be held within the confines of time allowed during the regular performance for the presentation of MSRA events, and

must be listed on all materials presented to the general public which set forth the MSRA events to be held during the regular performance. The announcer may not dismiss the spectators at an MSRA approved rodeo until all events listed on the program have been held, unless an event has been cancelled.

- d. **Contestant May Not Talk With Judge or Timer.** No contestant may talk to a judge or timer in any way while an event is going on. Questions may be addressed to a judge no sooner than at the end of the event for that performance or section of slack. Any contestant violating this regulation shall be reported to the MSRA Board of Directors by the judges.
- e. **Vehicles Causing Ruts in Arena Ground.** If a vehicle is to enter the rodeo arena either during or immediately prior to a performance or section of slack, thereby causing ruts to be left in the arena ground, either (i) the vehicle must enter the arena only after the steer wrestling is completed, or (ii) the arena ground must be re-prepared prior to the beginning of the steer wrestling competition.

9) **Timers and Timing.**

- a. **Must Be Members.** All MSRA approved rodeos must use at least two timers who are members.
- b. **Timing.** Two hand-held digital watches must be used in the timed events and rough stock events. In timed events, all digits beyond tenth will be ignored (except in the Barrel Racing, see Barrel Racing rules for timers). Official time shall be the average of the two times, ignoring any digits beyond the tenths. If one of the two timers misses the start or stop, is delayed in starting or stopping the watch, or if the watch used by one timer malfunctions, that timer shall declare the problem to the other timer and only the time recorded by the other timer will be used.
- c. **Electronic Timers/Scoreboards.** Any rodeo using electronic timers for MSRA approved events shall be required to use a minimum of two back up hand held stopwatches.
- d. **Positioning of Timers.** Timers will work from the same location during all competition in MSRA events.
- e. **Changing Timers.** Timers for a rodeo may not be changed after the first competition of an MSRA approved rodeo, except for sickness or injury; by request of an MSRA official because of timers' incompetence; or through agreement of the stock contractor and an MSRA official. Timer(s) who time first competition of a particular event must time that event for the duration of that rodeo.
- f. **Riding Event Buzzer.** During all riding events, if background music is not subdued or eliminated, an extra loud buzzer must be provided.

 - d. **Barrier Penalties.** Barrier judges shall keep a record of all barrier and field penalties. They will be furnished a complete list of contestants by the arena secretary. Following each performance or section of slack, the barrier judges shall verify that the arena secretary has properly recorded the barrier and field penalties. Judge must signal timer as soon as he determines the barrier has been broken.
 - e. **Rough Stock.** The judge on the hinge side of the chute gate shall serve as a backup timer in the rough stock events, with the judge on the latch side as the primary timer. The judge's stopwatch reading shall be used as a means of verification when the length of the qualified ride is in question. The judge shall stop his watch when, in his opinion, the contestant has been disqualified for any reason, or when he hears the whistle or horn, whichever comes first. In either instance, the judge will refer to his watch for time verification on each ride. In any instance where the time is eight or more seconds on the judge's watch, the contestant shall be entitled to a marking without penalty. In the instance the whistle blows before the eight seconds, the judge must go with the whistle.
 - f. **Judge's Decision Final.** With respect to matters the authority over which has been specifically delegated to the judges by these Rules or the Bylaws, decisions of the judges will be final and may not subsequently be overturned by action of the MSRA, its officers or directors, or any other party, subject to the misconduct procedure set forth by the MSRA. Any judge, however, who does not perform his duties in compliance with these Rules, or who otherwise abuses his position, will be subject to disciplinary action by the MSRA Board of Directors. Penalty for such improper conduct shall be a minimum fine equal to the judge's pay for one performance of that rodeo and/or ineligibility to judge.
 - g. **Authority to Have Interfering Individual Removed.** A judge shall have the authority to request that any person be removed from the arena if that person, in the judge's opinion, is interfering with the contest event.

Dress code to be in effect ½ hour before scheduled performance and throughout slack.

- 12) **Contestant Numbers.** When contestant numbers are furnished, all participants must wear these numbers to enter the arena and to receive their stock. Anyone without a number may be excluded from the arena. Participants must wear their numbers in a conspicuous place visible to the judges and spectators.
- 13) **Contestant Conduct.** All contesting members will at all times conduct themselves in an exemplary manner upholding the MSRA purpose and shall present themselves in a neat, clean and orderly cowboy or cowgirl manner. Anyone assisting a participant will adhere to the MSRA rulebook, including conduct and dress rules. The participant will be responsible for his or her assistants dress and conduct. This rule shall be enforced by the rodeo officials and/or management.
- 14) **No Instant Replays.** No photos or videos will be used to change a judges marking or decisions or be considered by the board.

**** PAYOFF ****

- 1) **Calculation of Payoff.** The payoff for a MSRA event at a MSRA-approved rodeo shall be based on the added purse money plus contestants' entry fees, less the eight (8) percent deduction.
 - a. **Determination of Number of Contestants.** The number of contestants, for purposes of determining the total amount of entry fees, shall not include contestants who properly doctor release or draw out in accordance with these Official Rodeo Rules prior to their scheduled competition in first go-round. Only entry fees actually paid prior to the performance will be used to calculate the payoff.
 - b. **(8) Eight Percent Deduction.** (8) Eight percent of the purse money and entry fees shall be deducted from the total prize money, before determining the number of places to be paid.
- 2) **Determining Prize Money for Each Go-Round and/or the Average.** Add all purse money and entry fees per event. Deduct eight (8) percent from this total. This figure is referred to below as the Total. (In the team roping, divide this Total by two before continuing on.) The distribution of prize money between go-rounds and the average may then be determined as follows:
 - a. **One Go-Round.** The entire Total should be used for prize money for the one go-round.
 - b. **Two Go-Rounds and Average.** Prize money for the average is the same as for each go-round. Divide Total by three. The result is the prize money for the average and each go-round.
 - c. **Three Go-Rounds and Average.** Prize money for the average is one-and-one-half times the go-round. Divide Total by nine. Multiply the result by two to obtain amount of prize money for each go-round and by three to obtain amount of prize money for the average.
 - d. **Four Go-Rounds and Average.** Prize money for the average is two times the go-round. Divide the Total by six and the result will be the prize money for each go-round. Twice the result will be the prize money for the average.
- 3) **Number of Placings and Percentages of Prize Money.** The number of placings and percentage of prize money distributed to each placing shall be based as follows:
 - a. **Five or Less Contestants.**
 - i. 2 monies will be paid, divided 60-40.
 - b. **6 through 10 contestants.**
 - ii. 3 monies will be paid, divided 50-30-20.
 - c. **11 or more contestants.**
 - iii. 4 monies will be paid, divided: 40-30-20-10.
 - d. **11 or more contestants & there is \$1,501.00 or more in any one event.**
 - iv. 6 monies will be paid, divided: 32-24-18-12-9-5
- 4) **Payoff in Go-Rounds.**
 - a. **Amount of Money and Number of Places.** Determine amount of money and number of places for each go-round using procedures outlined above.

- 5) **Payoff in the Average.**
 - a. **Amount of Money and Number of Places.** Determine amount of money to be used in the average. Average may pay equal placing as go-round or one additional placing than go-rounds as determined by the Board of Directors.
 - b. **Contestant Must Compete in Every Go-Round.** A contestant must compete in every go-round to qualify for the average.
- 6) **Prize Money Not Collected during Payoff.** Prize money not collected by contestants at time of payoff following the final performance of the rodeo, will be mailed to contestants or MSRA office within 7 days or secretary will be fined \$50.
- 7) **Ground Money.** Ground money (entry fee less stock charge and MSRA sanction and finals fee) will be paid to the stock contractor. Added money will be returned to the sponsor of added money.
- 8) **MSFR Finals Payoff.** For the Mid States Finals Rodeo, special payoff to be determined by the MSRA Board of Directors, pending total added money and entry fees.

If said contestant is entered in other events in which he is unable to contest, the entry fees for those events must be returned.
 - a. **Exception in Case of Injury in First Go-Round where a Re-run/Re-ride is due.** If a contestant is injured while competing in the first go-round of an event and has not been disqualified up to the point of injury, his entry fees will be refunded if a re-ride or re-run is due in that event.
- 2) **Team Roping.**
 - a. **Replacement of Partner.** If one partner in the team roping does not show, the other partner will have the right to choose a partner from the contestants that are already entered in the rodeo or draw out and be refunded his entry fees. No contestants may go more times than allowed to make up the team. The rodeo secretary must be notified before the draw. After one man is declared not there and another partner is substituted, you cannot change back to the original partner. The team will draw stock in the original position.
 - i. **Notification to Arena Secretary.** If the arena secretary has been notified of a team roper's turn out, doctor release, or draw out, the partner must notify the arena secretary prior to the cattle draw of first go-round competition if he is drawing out or if he is replacing his partner and who his replacement partner will be. If the secretary is not notified, the contestant will be subject to entry fee payment, will be disqualified from the team roping for that rodeo, and no cattle will be drawn.
 - ii. **Responsibility of Entry Fee.** The partner that didn't show will be liable for his own entry fees and no turn out fine can be charged. Original contestant fees will be sent to the office and not be calculated in the payoff. The replacement contestant fees will be used in the payoff.
 - b. **Replacement of Team Roper in Second or Subsequent Go-Rounds.** If a team roper's partner is unable to compete in the second or subsequent go-round due to a visible injury or doctor release, the remaining partner may obtain a replacement partner from among those contestants entered in that rodeo who are not already entered in the team roping, provided that the originally-entered team competed in the first go-round. This newly established team will not be eligible for the average payoff. Any money won in a go-round by the new member of the newly established team will not count as Championship Points. The original member of the original team will be allowed championship points for go rounds only, average points will not count. The replacement partner shall not be responsible for entry fees.

**** TURN-OUT, VISIBLE INJURY OR ILLNESS AND
DOCTOR RELEASE PROCEDURES ****

1) **Turn Out.**

- a. **Procedure.** A contestant may doctor release, or vet release in the Cowgirls Barrel Racing only, thus waiving all obligations for entry fees, turn-out fines, and mount monies, provided: A) Contestant has an injury or illness which prevents him from competing in one or more events for which he is

Contestant may refuse the re-ride and take the marking. Contestant must notify judge immediately of his decision to accept or reject the option upon learning which animal would be used as a re-ride and the time of the re-ride.
- c. **Circumstances Warranting a Re-ride.**
 - i. **Discretion of Judge.** Re-rides will be given at the discretion of a judge. Reasons for possible re-rides include the following: if an animal stops or fouls rider, stock contractor's equipment fails, if animal falls to its belly or side, performance of animal is inferior as compared to the rest of the herd or, if by stock contractor's or flank man's own admission, the flank man did not flank the animal properly. No re-ride will be given if a contestant's own equipment breaks. Judge may have the option to watch the next ride prior to offering a re-ride.
 - 1. **Options of Contestant.** If a Contestant is granted a re-ride under this section, he may take the same animal for the re-ride, provided the stock contractor is willing and a mutually agreeable time can be arranged. All re-rides must be the same day as the performance or slack. If a contestant opts to accept the re-ride on the same animal, he must take the marking for the re-ride, unless there is a foul or the stock contractor's equipment fails on the re-ride.

2. **Re-ride Animal Already Drawn for Another Contestant.**

If an animal that is drawn for a re-ride already is drawn for another contestant in that or a later go-round, the contestant entitled to the re-ride shall compete on the animal first.

- ii. **Contact between Arena Personnel and Animal.** If any arena personnel come in contact with a bareback or saddle bronc horse before the qualified time has elapsed and if the contestant makes a qualifying ride, contestant will be given a marking with an option of a re-ride. If any arena personnel come in contact with a bareback or saddle bronc horse before the qualified time has elapsed and contestant is unable to make a qualifying ride because of the impact, contestant will be given a re-ride, provided contestant made a qualifying ride up to the point of the infraction.
- iii. **Inferior Animal Performance.** If an animal's performance is inferior and that animal is already drawn for another contestant, that contestant must qualify on that animal before re-ride may be given. - iv. **Chute-Fighting Animal.** If, in the opinion of the judges, a rider makes two honest efforts on a chute-fighting animal and is unable to do so, he may have a re-ride drawn for him.
- v. **Flank Breaks in Bareback Riding.** Rider may be given a re-ride on same horse if flank comes off or breaks. A bareback rider may have the option of a re-ride, or of accepting a marking if flank comes off the animal, provided the contestant has completed a qualified ride. A contestant will only have the option of a re-ride if the flank comes off the animal and the contestant did not complete a qualified ride, but was qualified up to the point of the flank coming off.
- vi. **Flank or Halter Failure in Saddle Bronc Riding.** A saddle bronc rider may have the option of a re-ride, or of accepting a marking if flank comes off the animal, provided the contestant has completed a qualified ride. A contestant will only have the option of a re-ride if the flank comes off the animal and the contestant did not complete a qualified ride, but was qualified up to the point of the flank coming off. If a flank comes off, rider may have re-ride on same horse. If halter breaks, rider may have a re-ride, provided contestant has made a qualified ride up to the time the halter breaks, and provided that the halter does not belong to the contestant.
- vii. **Animal Deliberately Throws Itself.** If, in the opinion of the judges, an animal deliberately throws itself, the rider shall have the choice of the same animal again or he may have an animal drawn for him from the re-ride animals.

A contestant will only have the option of a re-ride if the flank comes off the animal, and the contestant did not complete a qualified ride, but was qualified up to the point of the flank coming off. The re-ride may be given on the same animal, if the stock contractor is willing, or a re-ride animal, if so requested by the contestant.
 - x. **Outside Help Used to Restart a Riding Event Animal.** If a riding event animal stops after an initial start, and any outside help is used to start it again, contestant will not be required to qualify in order to be awarded a re-ride.
- d. Procedure for Drawing a Re-ride.**
- i. **Designated Re-ride.** In the case of riding event stock injuries, replacement stock should be the designated re-ride for the performance for which the injured animal was scheduled for competition. Any re-ride thereafter will be drawn from and turn outs for that performance, provided those animals have not been mounted. A replacement designated re-ride should be drawn immediately from the turn outs for that performance. If there are not any turn outs, use the procedure set forth in “Draw of Re-ride Order”.
 - ii. **Draw of Re-ride Order.** Prior to each performance or section of slack, judges will draw a re-ride order, using the designated re-ride (if not already awarded because of an injured animal) as the first re-ride. Contestants given a re-ride will receive the animal that directly correlates with the order re-rides were accepted. Animals mounted out shall be used in the reverse order of the re-ride position draw with the first two animals in the re-ride order remaining available for re-rides until after the last contestant who is entered has competed. At least two animals must be brought to the arena for re-rides (including the designated re-ride).
 - iii. **Procedure Where More Rerides Are Awarded Than There Are Animals Available.** If more rerides are awarded than there are animals in that performance or slack re-ride draw, the remaining contestants who have not received a re-ride animal will be drawn re-rides from the performance immediately following that performance or section of slack which the contestant originally competed in, using the same procedure as outlined in “Designated Re-ride” and “Draw of Re-ride Order”. This procedure will be repeated until all contestants awarded re-rides have been drawn re-rides. These re-rides will be competed on during the performance or section of

slack the animals were designated to be bucked, or at a time mutually agreeable to both stock contractor and contestant.

1. **Last Go-Round.** In the case of the last performance of a go-round, if there are more re-rides awarded than there are animals in re-ride draw, then all animals bucked the last day of the rodeo shall be declared exempt and the re-rides will be comprised of all unused re-rides (both designated re-rides and turned-out stock) from prior performances and slacks in that go-round.
2. **List of Available Re-rides for Last Performance.** In the last performance of a go-round, when all re-rides from previous performances have been used, the stock contractor must provide the judges with a list of available animals from which re-ride animals can be drawn. These animals must have been in the original draw of this rodeo in this event. The stock contractor can exempt 1/3 of available animals prior to the re-ride draw.
3. **Finals.** In a finals, any turned-out animal shall be considered the first re-ride animal. Should there be more than one turned-out animal, an order will be drawn. If more re-rides are required, the designated re-ride(s) will be used. Should more re-rides be needed than those available, 1/3 of the animals from the short go-round pen can be featured and additional re-rides necessary will be drawn from that finals pen.

Three legs must remain crossed and tied for six seconds, as timed by the judge, from the time the rope horse takes his first step forward after the roper has remounted, until approved by the judge. Roper must not touch calf after signaling that he is finished until after the judge has completed his examination. Rope must remain slack until field judge approves the tie. Unless instructed to do so by the judge, roper will be disqualified for removing rope from calf after signaling for time, until the tie has been passed on by the field judge. In the event a contestant's catch rope is off a calf after completion of tie, the six-second time period is to start when roper clears calf. individuals who initially determined the arena conditions were unsafe. If arena conditions cannot be changed and improved to make conditions safe, event may be cancelled by judge and/or stock contractor.

12) Barrel Pattern

- a. **Standard Course.** If arena size permits, a standard pattern should be set and no larger. The standard course for Barrel Race is: ninety (90) feet between barrel one (1) and two (2); one hundred five (105) feet between barrel one (1) and three (3) and between barrel two (2) and three (3); sixty (60) feet from barrels one (1) and two (2) to the score line. Score line should be at least sixty (60) feet from end of arena, if arena allows, and not less than forty five (45) feet.
- b. **Smaller Arenas Where Standard Course is Not Possible.** The following shall be used in smaller arenas: Barrels one (1) and two (2) should be at least eighteen (18) feet from the sides of the arena. In extra small arenas they may be less. In no instance should they be any closer than fifteen (15) feet from the sides of the arena.
 - i. In small arenas, it is recommended the pattern be reduced proportionately to a standard barrel pattern. By no means shall the stopping distance be less than forty five (45) feet.
- c. **Third Barrel Distance from End of Arena.** Barrel three should be no closer than twenty five (25) feet to the end of the arena.
- d. **Pattern in Relation to Center Gate.** Barrel pattern should be situated in such a manner as is centered to the gate with the first and second barrel equal distance from the gate.
- e. **Run Out Alley.** A “run out” alley may be included as part of the stopping distance, when necessary, or when the overall length of the arena does not allow for forty five (45) feet stopping distance. Decision is subject to Event Director approval. An open gate into a “safe” alley may be used as part of

the forty five (45) feet stopping distance when necessary and upon Event Director approval. A “safe” alley must be a minimum of ten (10) feet wide, meaning that there will be a minimum of ten (10) feet between any obstructions in the alley. Alley way and any subsequent crossbars must be a minimum of twelve (12) feet high. Any bars, boards, wires or cords crossing the alley floor must be covered with dirt. The alley must be well lit, free of people and horses and have a dirt floor. The stopping distance in the alley must be at least as long as the stopping distance provided in the arena.

13) Marking Barrels

- a. **With Center Gate.** Determine from which gate contestants will enter the arena from and mark pattern accordingly. If arena gate is to be used as a center gate, and contestant is required to run in, barrel pattern must be situated in such manner as is centered to the gate with the first and second barrel equal distance from the gate. If contestant is not required to run in, a standard pattern must be set, and no larger, as arena size and conditions permit.
- b. **Markers/Stakes.** You may use a pointed metal stake, horseshoe or can with a chain or rope attached to the end of it. Cover the object, leaving only chain or rope on top of the ground. Markers should be buried at the location of each barrel, so the barrels will be in the same place during each complete go round. Permanent markers should be set for the timer. Overhead lasers may be used to mark barrel pattern.

14) Electric Eye Setup

- a. **Equipment Necessary.** Complete electric eye timer plus two (2) stopwatches to be operated manually.

- b. **Stop Watch Times.** Stop watch times MUST be recorded for each run.
- c. **Timer Malfunctions.** If the electric timer fails to work, contestant will receive a rerun. If the electric eye fails to work for more than three contestants the back up times will be used as official times for that rodeo for all contestants. All stop watch times shall be averaged and paid off accordingly. If one of the two timers misses the start or stop or is delayed in starting or stopping the watch, or if the watch used by one timer malfunctions, that timer shall declare the problem to the other timer and only the time recorded by the other timer will be used.
 - i. **Timer Fee Refunded.** If manual stop watch times are required to be used for all contestants, the \$3.00 timer fee will be refunded to

all contestants. (This is to be either picked up at the rodeo or will be put in contestant's account - money will not be mailed).

- ii. **Second and Subsequent Go Rounds.** If the electric eye fails to work, regardless if it is the first performance, every attempt should be made to make the electric eye work for the remaining performances.

- 9) **Fouled Neck Rope.** Contestants fouled by neck rope or neck rope stays around the calf, will be given a rerun if the foul is declared immediately by pulling up. If rope is thrown, no rerun will be given.
- 10) **Disqualifications.**

- c. **Pulling Rope off Saddle.** The contestant shall receive no time should she break the rope from the horn by hand or touch the rope or string after slack has been pulled, If the rope dailies or will not break free when the calf reaches the end of it, the contestant will receive a no time.
- d. **Catching Calf without Releasing Rope.** Roping the calf without releasing the loop from the hand is not permitted.
